

Indian Curry

is to the people of the East, What Catsup or Worcester-shire Sauce is to those of the West.

Anyone who has traveled in Japan, China or the East Indies knows that there is no more palatable dish prepared than curry and rice, or the many other ways in which it is brought into use by residents of those countries.

The demand is so great that inferior preparations are placed on the market and sold to the uninformed as the real article.

"While the palate is still hot with a curry, an un-flavored dish seems insipid."

No one has ever disputed the fact that the people of the East know how to, and do, live on the best the land affords.

In the lower Fort street window of our store is a display of the

Genuine Indian Curry Powder

that is prepared by us strictly according to the original receipt, and when the Pacific Club, Hotel and commissary department use it and no other, we have no hesitancy in selling it and recommending it to the public as the STRICTLY PURE Curry Powder. A trial is all that is required.

SOCIETY OF THE WEEK

(Continued from Page One.)

Wilcox, Ella Thrum, Lydia West, Bessie Reynolds, Ella Dayton, Elizabeth Campbell, Kate Cornwell, Miss Benner, Rena Dowsett, Ethel Damon, Carrie Howland, Laura Duncan, Mary Dower, Charlotte Waldon, Miss Holmes, Miss Nolte, Mary Rice, Julia Tanne, Miss Waity, Miss Sturgeon, Kate Kelley, Clara Kelley, Miss Norcross and Miss Fonda, of New York.

The entertainment by the Musical Circle of the Art League on May 8 promises to be of especial merit. The selections will all be from original compositions by members of the League. A pleasant surprise is in store for those who do not realize with what rare local talent Honolulu is favored. The name of Miss Clymer, the music teacher of the Kamehameha Girls' school, is deserving of especial mention. The favored few who have heard her songs and instrumental compositions pronounce them of the highest excellence. Mrs. A. B. Tucker, the well known music teacher, has charge of the entertainment. The other contributors are: Professor Berger, Wray Taylor and Mrs. Fear, who contributes the words to one of the songs to which Miss Clymer has composed the music. Mrs. Annis Montague Turner will sing one of Mrs. Tucker's charming songs.

Mr. and Mrs. William G. Irwin entertained about 120 friends at their Waikiki place last evening. Euchre was played during the early part of the evening, after which the large open hall was cleared and dancing was enjoyed for an hour or so. A delicious supper was served.

On Saturday evening Mr. and Mrs. Irwin gave a dinner at which fourteen ladies and gentlemen were present. They were: Mr. and Mrs. Meyer of Kauai, Mrs. R. D. Walbridge, Miss Palmer, Miss Landers, Miss Clara Fuller, Miss Bessie Spalding, Admiral Beardslee, British Commissioner A. G. S. Haaves, Capt. Napier and Lieut. Church of the Wild Swan; and Ensign Willard of the Philadelphia.

There are but few social events scheduled for next week. Mrs. E. K. Wilder will entertain at her Waikiki place on Monday evening in honor of Mrs. Howison and Mrs. Avery. Invitations are out for one or two tea parties. The Healanies and Myrtles will give dancing parties on May 14.

AT THE THEATER.
Frank Lincoln will appear at the opera house tomorrow night. In speaking of his entertainment a Boston paper says: "Far superior to anything of the kind ever seen in this city, being at once refined, varied, clever, bright, and spontaneously humorous. A more thoroughly unique entertainment Boston has never seen."

LOST A HAND.
On Tuesday last a Hawaiian prisoner named Ilihuu, while working on the Mountain Road, near Lahaina, had his hand shattered by a giant powder cap. Dr. Davison amputated the member near the wrist and at last accounts the injured man was doing well.

GOOD DIVIDENDS.
The Waialuku sugar stock paid 3 per cent today.

Ewa shareholders received 5 per cent today.

Holders of Mutual Telephone stock will receive 3 per cent on Monday. This is a quarterly dividend.

NEW GOODS.
New shirt waists, latest style kid gloves, new organdies, new lawns, latest novelties in millinery just arrived by the steamer Australia for N. S. Sachs.

Mrs. A. Inveen, residing at 720 Henry Street, Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. For sale by all druggists and dealers. Benson, Smith & Co., wholesale agents for H. I.

VALUES NOT TO BE BEATEN.

IN THE FIELD OF SPORTS

(Continued from Page One.)

cricket games. The committee has thus far expended all the monies received to date, some \$76. About \$25 more is needed to put the park in good condition.

The cricket game between the club from aboard the Philadelphia and the town men has been necessarily postponed this week. Captain Herbert, of the Honolulu, is making all arrangements to have the match come off next week.

One of the interesting events in athletics tomorrow will be the game of base ball between the students of Mills' Institute and Iolani college. The boys have secured the old base ball grounds for the afternoon. The game will be called for 1:30 o'clock promptly and will be over in time for the big game in Makiki later in the afternoon. Frank W. Damon, of the Mills' Institute, and Rev. V. H. Kiteat, of Iolani college, will be interested spectators.

The blue jackets aboard the American ship Marion are out with a challenge for a twelve-oared cutter race for any purse, the race to come off according to regulations. The Marion's crew are only desirous of a friendly match, and they will most likely be accommodated. Captain Charles Crane, of the Myrtles, is being urged to organize a crew to compete with the sailor boys.

President Potter has issued a call for a meeting of the Hawaiian Tennis association in the Safety Deposit office at 4 o'clock this afternoon. The committee having in charge the arrangements for the May tennis tournament will make its report. The tournament will open next Wednesday.

At the conclusion of the anniversary exercises in the Y. M. C. A. last evening an exciting band ball game in the court of the gymnasium, was witnessed by the spectators. Dr. Burgess and Mr. Scanlon were the contestants. Mr. Scanlon was victorious by a score of 21 to 14.

George Martin has purchased a beautiful Sterling racer of Agent Frank Atherton. The machine is a beauty and promises to be heard from this season, as George intends to train for the races.

The Hawaiian Jockey Club through its president, secretary and race committee, is devoting a great deal of attention to the arrangements for the Kamehameha day races. Several new horses have arrived at Kapiolani park during the week.

Sales Talk

With Hood's Sarsaparilla, "Sales Talk," and show that this medicine has enjoyed public confidence and patronage to a greater extent than any other proprietary medicine. This is because it possesses greater medicinal merit and produces greater cures than any other. It is not what we say, but what Hood's Sarsaparilla does, that

Tells the Story.

All advertisements of Hood's Sarsaparilla, like Hood's Sarsaparilla itself, are honest. We have never deceived the public, and this with its superlative medicinal merit, is why the people have abiding confidence in it, and buy Hood's Sarsaparilla almost to the exclusion of all others.

Customers Want Hood's.

"We order Hood's Sarsaparilla in large quantities and it is the only blood purifier which a druggist can buy in large quantities without risk. It is selling very rapidly and customers who buy it once are sure to call for Hood's the next time. We believe Hood's Sarsaparilla must possess true merit in order to retain its popularity. Its sales exceed all similar preparations and its praises are often heard." L. SOMMER & SON, Springfield, Illinois. Thousands of druggists say the same.

Singer Machines

The International Jury of Experts at the World's Columbian Exposition reported on this machine as follows:

"It has a positive motion obtained without gears or levers, avoiding vibration or torsion, and producing a uniform stitch at all speeds. This combination enables use of a shorter needle than is practicable on other vibratory shuttle machines. The peculiar formation of shuttle-race prevents catching or rubbing of thread between shuttle and race and enables easy delivery of thread, which is perfectly controlled by evenly balanced tensions."
